

Internship in European public affairs

Cybersecurity and Digital Single Market

Eurosmart, the Voice of the Digital Security Industry, is a European non-profit association located in Brussels, representing the European digital security industry for multisector applications. Founded in 1995, the association is committed to expanding the digital secure devices market, developing smart security standards and continuously improving the quality of security applications.

The Brussels Office coordinates the advocacy work of the association and its members towards European Institutions. Eurosmart aims to defend and promote the interests of the digital security industry by creating a friendly policy and regulatory environment in the context of the development of the Digital Single Market. Eurosmart has a strong focus on the following topics: cybersecurity, technological sovereignty, ICT Standardisation, artificial intelligence, and digital identity.

Eurosmart is offering a six-month internship (starting date: early / mid-October) to support its Brussels office. This internship is a unique opportunity to get familiar with a growing ecosystem and learn both political and technical knowledge on the digital security industry.

Duties and responsibilities include:

- Monitoring relevant policy issues: artificial intelligence, cybersecurity, biometrics, digital identity etc.
- Updating monitoring tools: intranet and newsletters.
- Supporting intelligence gathering on specific issues: ICT standardisation, EU initiatives: cybersecurity, digital identity, artificial intelligence.
- Taking part in external meetings, conferences and seminars to produce reports and summaries.
- Preparing internal meetings and providing general administrative support (e.g. assisting with the preparation of working group meetings).
- Taking part in the organisation of Eurosmart's events.
- Drafting external communication (press release, website update and social networks management).
- Supporting Eurosmart's advocacy work (position papers, meetings).

Skills & Qualifications

- Master's degree in Political Science / Law / Economy.
- Good knowledge of EU legislative procedures. Some previous work experience in EU affairs is desirable.
- Outstanding written and spoken English required, proficiency in French and/or German is a plus.
- Good team player with excellent communication skills and time management.
- Ability to multi-task and proactive self-starting "can-do" attitude.
- Previous work on digital policies and/or interest for the field is a plus.

We offer

- The internship falls under the conditions of the "[Convention d'immersion professionnelle](#)" (CIP).
- Remuneration between €1100 and €1300 depending on experience.
- Lunch vouchers.
- Transportation card.
- Mobile phone.
- Full time - 38h/week.
- An exciting position in an office located in the heart of the EU quarter.

Application

A CV (maximum of 2 pages) and motivation letter should be sent to contact@eurosmart.com quoting "Eurosmart Intern EU Public Affairs" in the subject line.

Please note that only short-listed candidates will be contacted for an interview.

About us

Eurosmart, the Voice of the Digital Security Industry, is a **European non-profit association located in Brussels**, representing the **Digital Security Industry** for multisector applications. **Founded in 1995**, the association is committed to expanding the world's Digital secure devices market, developing smart security standards and continuously improving the quality of security applications.

Our members

Members are designers or manufacturers of secure elements, semiconductors, smart cards, systems on chip, High Security Hardware and terminals, biometric technology providers, system integrators, secure software and application developers and issuers. Members are also involved in security evaluation as laboratories, consulting companies, research organisations, and associations.

Eurosmart members are companies (BCA, Bureau Veritas, CYSEC, Fingerprint Cards, G+D Mobile Security, IDEMIA, IN GROUPE, Infineon Technologies, NXP Semiconductors, PayCert, Prove & Run, Qualcomm, Real Casa de la Moneda, Samsung, Sarapis, SGS, STMicroelectronics, Synopsys, Thales, Tiempo Secure, Trusted Objects, TrustCB, WISEkey, Winbond, Xilinx), laboratories (Brightsight, Cabinet Louis Reynaud, CCLab, CEA-Leti, Jtsec, Keolabs, Red Alert Labs, Serma), consulting companies (Internet of Trust), research organisations (Fraunhofer AISEC, Institut Mines-Telecom - IMT, ISEN - Institut Supérieur de l'Électronique et du Numérique Toulon), associations (SCS Innovation cluster, Smart Payment Association, SPAC, Mobismart, Danish Biometrics).

Eurosmart is a member of several European Commission's groups of experts: Radio Equipment Directive, eCall, Multistakeholder platform for ICT standardisation, and Product Liability. Eurosmart and its members are also active in many other security initiatives and umbrella organisations at EU-level, like CEN-CENELEC, ECIL, ETSI, ECSO, ESIA, GlobalPlatform, ISO, SIA, TCG, Trusted Connectivity Alliance and others.
